MEMORANDUM FOR: Acting Deputy Director for Administration
 FROM: [REDACTED]
 Director of Security
 SUBJECT: Office of Security Significant Activities
 Week of 15 January 1981 (U)
 REFERENCE: DDA Administrative Instruction No. 74-5

1. This memorandum is for information only. (U)
2. The activities of the Office of Security during the week of 15 - 21 January 1981 were highlighted by the following items:

a. On 13 January, the Information Systems Security Group (ISSG) sponsored a briefing at Headquarters by two representatives of Burroughs Corporation on the Burroughs 6000 and 7000 series computers (which will be used by Project SAFE) and the operating systems software running on them. The briefing was geared toward the security protective features afforded in both the software and hardware. Attending were representatives of the DDO/IMS, NFAC, Project SAFE, ODP, OC (Comsec) and NPIC. (AIUO)

b. During the reporting period, two representatives of [REDACTED], briefed ISSG on a new automated software package known as [REDACTED], written in FORTRAN, which can be run on a computer system to provide an "automated" risk assessment of system vulnerabilities. We are considering the purchase of same, contingent on a complete review of the package to determine applicability to our system. (AIUO)

c. On 14 January, two members of the Safety Group attended the first meeting of the recently reorganized CIA Occupational Safety and Health Committee, chaired by Mr. William Hart, Acting Deputy Director for Administration. Topics discussed at the meeting included the authority for
